Guided Family Fun Farm Visit

Experience and Share the Joys of our Farm!

Open nearly every day;
Please ring in advance as spaces are limited.

Hand Milking:

This enjoyable age-old skill is easy to learn and really takes us back to nature. Young and old can try on our rubber cow. Early-Birds can experience the real thing during our morning milking with breakfast after.

Visit the Greenhouse:

We will visit the garden and greenhouse to see how vegetables grow.

Learn about Bees:

Discover the life cycle of bees.

Collecting Eggs:

Are you good at finding things?
We will go egg hunting even when it isn't Easter!

Farming as it used to be! On Blueberry Hill Farm

Lots of interesting and fun activities
for all ages

Feeding and Caring for Animals:

Cows, pigs, chickens, lambs, ducklings, geese and more all want to meet you. What would be nicer than bottle-feeding a lamb, holding a baby chick or giving the calf a cuddle? Here you get to do it all!

Butter Making:

Learn how to turn cream into butter.
It's like magic.

Treasure Hunt:

An extra bit of fun at the end of the day will link together what you have learned.
